

# Announcement for Support to the Victims of İzmir Earthquake

Dear Colleagues,

Izmir Earthquake hit the Bayraklı district and killed 114 people including 3 lawyers. Since Bayraklı is the location of Izmir Courthouse, the earthquake damaged the houses and offices of thousands of lawyers.

We have started to relieve the harms of the Izmir Earthquake with your support.

However, numerous houses and offices of our colleagues have become unuseable.

Monetary aid is crucial to establish temporary law offices and fulfil the needs of our colleagues and their families.

Therefore we start an aid campaign to support the members of Izmir Bar Association.

You can donate to the bank accounts of the Izmir Bar Foundation herein under:
